Open fires conducted in the course of filming, public fireworks displays, or ceremonial events are allowed with a permit from the Office of the Fire Marshal. Requirements and conditions will apply.

Any open fires, except recreational fires or campfires, must meet the permitting requirements and other applicable restrictions of the Air Quality Management District (AQMD). Please refer to www.aqmd.gov for more information.

Regardless of location or permit conditions, **ALL** open fires (except for fires fueled solely by natural gas or propane) must be extinguished during Red Flag or Fire Weather Watch Conditions, when local winds exceed 10 miles per hour or when directed by Fire Department personnel.

Residents must contact CalFire within State Responsibility Areas (SRA), the United States Forest Service (USFS) within the Angeles and San Bernardino National Forests, or the Bureau of Land Management (BLM) within outlying desert regions for their restrictions and permitting requirements. Visit <https://burnpermit.fire.ca.gov> for more information.

Unlawful fires may result in administrative or legal action against the person kindling the fire and/or the owner of the property on which the fire occurs.
