**THIS SUSPENSION SHALL TAKE EFFECT AT 0600 HOURS SATURDAY JUNE 1, 2024
AND SHALL REMAIN IN EFFECT UNTIL LIFTED**

PLEASE NOTE:

- San Bernardino County Fire Protection District requires fires be extinguished if hazardous conditions exist (such as high flames, wind-blown embers, extremely low humidity), or fires producing excessive, offensive, or objectionable smoke. ALL outdoor fires (except for propane or natural gas fueled) are prohibited when winds exceed 10 mph, during a Fire Weather Watch, Red Flag Warnings or when prohibited by local, State, or Federal agencies having jurisdiction. Please check with local fire agencies having jurisdiction for burn restrictions.
- Open burning and outdoor fires are prohibited in certain areas of San Bernardino County or require a permit such as agricultural or residential vegetation burning, bonfires, recreational burning, portable outdoor fireplaces, BBQ pits, BBQ's, open fires conducted while filming and public fireworks displays. Contact the Office of the Fire Marshal or visit www.sbcfire.org/outdoorfiresafety for burning restrictions or obtaining a Special Event permit.
- This ordinance does not cover State Responsibility Areas (SRA) or Federally Protected Lands. For restriction and permitting requirements, check with CalFire within SRA, the U.S. Forest Service (USFS) within the Angeles and San Bernardino National Forests, or the Bureau of Land Management (BLM) within outlying desert regions.
- South Coast AQMD prohibits all residential burning in all San Bernardino Valley areas and all mountain areas except Wrightwood and approval is required for agricultural burning. Mojave Desert AQMD requires approval for burning in all Desert areas, Wrightwood, Summit Valley, Cajon Junction and Cajon Valley.

Unlawful fires may result in administrative or legal action against the person kindling the fire and/or the owner of the property on which the fire occurs.
