The San Bernardino County Sheriff's Department is contracted by Live Nation to provide law enforcement services during all shows and events at the Glen Helen Amphitheater.

During the weekend, sheriff's deputies made arrests for being drunk in public, spousal abuse, rape, petty theft and domestic battery.

The Department of Alcohol Beverage Control participated on Saturday by conducting enforcement related to minors consuming and/or in possession of alcohol, use of fake ID to obtain alcohol, etc. Eight citations were issued for minors in possession of alcohol, and one person was issued a citation for possession of a controlled substance.

In addition, onsite medical services evaluated and transported 11 people to local hospitals for further treatment. Two individuals who were transported were later pronounced dead for unknown reasons. Sheriff's investigators are conducting investigations into each of the deaths and no additional details are available for release.

In September 2016, the Board of Supervisors approved the formation of an Electronic Dance Music (EDM) Taskforce. The purpose of this group was to develop recommendations for enforceable health and safety measures required for events and all other concerts held on county property.

The Nocturnal Festival follows all recommendations and guidelines set forth by the EDM Task Force. Additionally, the EDM Taskforce was to seek input from the community, and to consider changes to future EDM events and all other concerts to address community concerns. The EDM Taskforce includes representatives from the following organizations:

- County Administrative Office, Chair
- Office of County Counsel
- Department of Public Health
- Arrowhead Regional Medical Center
- San Bernardino County Sheriff's Department
- **San Bernardino County Fire Protection District**
