Two men were killed and a woman injured in a weekend traffic collision near Cottonwood Avenue and Sequoia Street in Hesperia.

Two Hesperia men were killed and a woman injured in a weekend traffic collision that involved a Honda CBR motorcycle and a Subaru Outback.

Hesperia Sheriff's Station officials reported that at about 7:24 p.m. on Sunday, deputies and **San Bernardino County Fire** personnel responded to the collision near Cottonwood Avenue and Sequoia Street.

A preliminary investigation showed that the Honda was traveling west on Sequoia Street and the Subaru was traveling south on Cottonwood Avenue.

At the intersection, the Honda failed to stop at a stop sign and collided with the Subaru. A 22-year-old man driving the Honda and a 43-year-old man driving the Subaru were injured and died at the scene, sheriff's officials said.

Meanwhile, a 71-year-old woman riding in the Subaru suffered minor injuries and was transported to a hospital for treatment.

The Hesperia Station Major Accident Investigation Team responded and assumed the investigation, which continues.

It is still uncertain whether or not drugs and/or alcohol were a factor in this crash.

The San Bernardino County Sheriff-Coroner's Division has not released the identities of those killed in the collision.

Anyone who may have witnessed the collision is asked by the Sheriff's Department to contact Deputy D. Holland at the Hesperia Sheriff's Station at 760-947-1500.

One motorist was taken to a hospital after a rollover collision in Fontana on Oct. 15, according to the Fontana Police Department.

At about 2:20 a.m., officers were dispatched to the intersection of Cypress and Merrill avenues after being informed that a person was trapped inside one of the two vehicles involved in the collision, said Fontana Police Public Information Officer Daniel Romero.

At the scene, officers found a 2012 Toyota Camry and a 2021 Ford Edge, which had rolled over.

San Bernardino County Fire / Medics removed a female driver and transported her to an area hospital as a precaution, Romero said.
